AFRICA GLOBAL TRADE LINK LTD

International Trade & Business Facilitation • Connecting Markets. Creating Opportunities.

01 | COMPANY AT A GLANCE

A Commercial Bridge Between Africa and Global Markets

Africa Global Trade Link Ltd is a dynamic international trade, sourcing, brokerage, and business facilitation company connecting qualified buyers, sellers, suppliers, manufacturers, distributors, and commercial partners across Africa and international markets.

CORE ROLE	FOCUS	APPROACH	REACH
Commercial connector	Trade & sourcing	Flexible & scalable	Africa ↔ Global markets

The company's model is intentionally diversified and can respond to changing demand while expanding into additional sectors and product categories.

02 | DIRECTION & PURPOSE

Vision, Mission & Business Objective

VISION

To become a trusted African gateway to global trade and a recognized partner for sourcing, market access, brokerage, and international business connections.

MISSION

To connect qualified businesses with the products, suppliers, buyers, markets, and commercial opportunities they need.

BUSINESS OBJECTIVE

Identify legitimate commercial opportunities and connect qualified buyers, sellers, suppliers, manufacturers, and business partners across international markets.

03 | WHAT WE DO

Integrated Trade & Business Facilitation

Business Introduction

Connect qualified buyers with potential sellers and suppliers.

Brokerage

Facilitate commercial relationships and, where agreed, earn brokerage or success fees.

Trade Facilitation

Support early-stage communication and information exchange.

Business Development

Help companies explore new relationships and expand international networks.

Sourcing

Identify products, equipment, manufacturers, suppliers, and opportunities to client specifications.

Market Access

Help businesses identify markets, customers, distributors, suppliers, and partners.

Procurement Support

Help clients identify suitable products and suppliers.

05 | HOW WE WORK

A Structured Path From Requirement to Business Relationship

01 Requirement

Understand the client's product, technical, quantity, quality, budget, destination, and delivery requirements.

02 Search

Identify potential suppliers, buyers, manufacturers, or commercial partners.

03 Screening

Conduct a preliminary review based on available information.

04 Matching

Identify potentially suitable commercial counterparties.

05 Introduction

Connect parties and facilitate initial communication.

06 Business Relationship

Parties conduct their own due diligence, negotiation, contracting, and transaction execution.

06 | INTERNATIONAL MARKET ACCESS

- Partnership
- Results

Depending on the transaction, counterparties may be requested to provide company registration, authorized representative identification, business licences, product documentation, technical specifications, certificates of origin/analysis, import-export and compliance documentation, and responsible sourcing documentation.

Where necessary, independent professionals or specialist organizations may support laboratory testing, inspection, legal verification, financial verification, customs compliance, regulatory review or technical assessment.

09 | STRATEGIC GROWTH

Seven Strategic Business Pillars

- Minerals & Metals: Connecting legitimate mineral supply with qualified buyers.
- Machinery & Heavy: Sourcing equipment for mining, construction, agriculture, manufacturing and infrastructure.
- Vehicles & Transport: Connecting buyers with suppliers of trucks, commercial and specialized transport vehicles.
- Industrial Products: Sourcing machinery, plant, tools, components, electrical and mechanical equipment.
- Commodities: Facilitating connections involving legally traded commodities and raw materials.
- Procurement & Sourcing: Finding products and suppliers according to defined client requirements.
- Brokerage & Market Access: Connecting businesses with buyers, sellers, manufacturers, distributors, and commercial partners.

10 | LONG-TERM GROWTH STRATEGY

Building a Trusted International Trade Network

- Build a strong international buyer network
- Develop reliable supplier relationships
- Expand sourcing capabilities and sector-specific networks
- Develop African-to-global trade corridors
- Build digital sourcing capabilities and market intelligence
- Develop strategic partnerships and repeat commercial relationships
- Develop specialized procurement services
